Experience

Coding Tutor

02/2022 to Current

Private – Deerfield Beach, FL

- Tutoring colleagues that are passionate about software the fundamentals of front-end web development using HTML5, CSS, Flexbox, JavaScript and Reacts best practices that I've learnt.
- Simplified difficult concepts including responsive website dev and CSS layout.
- Provided website UI designs to 1:1 and reviewed code through weekly code reviews.

Projects

Nike Storefront Website - I developed a Nike website using React, HTML, CSS, and JavaScript. This site boasts powerful search and filtering capabilities, ensuring a seamless shopping experience. With lightning-fast response times, the dynamic search feature allows you to effortlessly find the perfect Nike products.

E-commerce Library Web App - Proficiently designed and developed an eCommerce library book website, seamlessly combining HTML, CSS, JavaScript & React to create an intuitive user interface and interactive browsing experience.

Professional Client Website - Proficiently designed and developed a professional customer website,

seamlessly combining HTML and CSS, to create an aesthetically pleasing user interface and interactive browsing experience.

Ultimate Movie Generator - I developed a movie generator using APIs, HTML, CSS, and JavaScript, search input to produces a variety of movies. I implemented the core functionality, enabling the generation of diverse Movies.

(All projects are open-source code that can be found on my GitHub)
