Education

Bachelor of Computer Science: Computer Science   06/2021
Florida International University - Miami, FL

Work History

Frontend Developer   11/2021 to Current
MWI Pumps – Deerfield Beach, FL
- Developed and maintained responsive web applications using HTML, CSS, and JavaScript.
- Proficient in JavaScript for client-side scripting and application logic.
- Developed and maintained components in React.js, ensuring modular and reusable code.

Projects

Nike Storefront Website - I developed a Nike website using React, HTML, CSS, and JavaScript. This site boasts powerful search and filtering capabilities, ensuring a seamless shopping experience. With lightning-fast response times, the dynamic search feature allows you to effortlessly find the perfect Nike products.

E-commerce Library Web App - Proficiently designed and developed an eCommerce library book website, seamlessly combining HTML, CSS, JavaScript & React to create an intuitive user interface and interactive browsing experience.

(All projects are open-source code that can be found on my GitHub/Portfolio)
